

Student testimony

Mister Diogo Castro, born 15.02.1991, was employed at Actiworks Application Solutions GmbH as a working student from 07.01.2014 to 31.03.2014.

Actiworks is a dynamic service provider for technical-creative solutions. A diversified range of services allows this team a holistic approach to development. We offer our corporate and SME Clients unique expertise in the areas of Electronics Engineering, Software Solutions and Design Innovations.

Mister Castro was assigned to the software development department, where his tasks consisted of the following:

- Participating in developing innovative iPhone Applications and Web Applications
- Development in PHP, Typo 3, and HTML 5
- Development in the framework CakePHP

Mister Castro performed the tasks assigned to him to our extreme satisfaction. He always performed his work in a very special and systematic way. He performed the assigned tasks very carefully and conscientiously. The quality and speed of his work exceeded our expectations. Mister Castro always showed a high level of interest learning new skills and had a high motivation to perform his tasks punctually.

We considered Mister Castro as a very pleasant co-worker who supported teamwork at all times. His behavior towards supervisors, customers and colleagues was always very polite, really friendly and exemplary. Mister Castro leaves the company because he is going back to his homeland Portugal. We thank him for his very good work and wish him all the best for his career and personal future.
